Smart cleaning innovations

A complete range of innovative and eco-certified cleaning products in microfiber. Ever since the start in 1994, Smart Microfiber System has a continuous stage of development where products manufactured in microfiber form the basis for the business. Today we can offer our customers a complete range of microfiber products within the categories Cleaning, Home and Spa. All recognized as top quality and we are always striving for environmental concerns in all the stages of the manufacturing processes to end-product.
